ALLIES STRIKE AT DARDANELLES

Land Fresh Troops and Launch New Attack Against Turks

PUSH ENEMY BACK.

Army and Navy Battling to Open a Way to Succor Russians Now Hard Pressed by Germans.

London, Aug. 11—The commencement of new and greater efforts to force the Dardanelles and thus bring succor to the Russians, and at the same time to influence the Balkan states is the feature of the war news.

The renewed attempts against the Turkish positions, which apparently is in full swing, seems to be a concerted one. Attacks are being made at the tip of the peninsula, along the Krithia road, where a gain of 200 yards on a front of 300 yards has been made, and at Sari Bair, where an important crest has been occupied, according to Gen. Sir Ian Hamilton, commander-in-chief of the British forces.

"Elsewhere," general Hamilton's report continues, "a fresh landing has been successfully effected and considerable progress made."

This landing evidently was a surprise to the Turks, as 630 prisoners a number of guns and a quantity of material are declared to have been taken by the British forces.

A Turkish official report supplies the localities of two landings. According to this, forces were put ashore in the environs of Karachali, a town on the road which skirts the north shore of the Gulf of Saros, opposite the neck of the Gallipoli Peninsula, and near Ari Burnu. This latter place, although it is not shown on available maps, is believed to be at the foot of Sari Bair, just north of where the Australians are holding a strong position.

At Ari Burnu the Turks admit that the landing was successfully carried out, but they claim to have dispersed the troops which came ashore near Karachali. It is believed in military circles here that the landing at Karachali was only a feint to disguise the real intention of the Allies although it is said that the putting ashore of a strong force at this point might result in their working around and cutting the Turkish main line of communications with the Gallapoli Peninsula above the Bulair line across the neck of the peninsula.

The forcing of the Dardanelles is realized by the military critics here to be of the greatest importance, for they assert that it is the only way that the Allies can render immediate aid to Russia and repay her for the great sacrifices she has made for the common cause. In addition, it is believed by the military observers that a success here would bring the Balkan states definitely over to the side of the quadruple Entente powers in the war. Italy is understood to be prepared to lend a hand in the Dardanelles operations.

OFFER BULGARIA A PRICE

Saloniki, Aug. 11—Diplomatic representatives of France, Russia, Great Britain and Italy have delivered a joint communication to the Bulgarian Government with a view to procuring the collaboration of that nation with the Allies, as part of a common understanding with the Balkan States.

This action was taken in conjunction with the presentation of similar communications to Greece and Serbia, as recently made known. It is in response to Bulgaria's request on June 14 for information from the Quadruple Entente Powers concerning the advantages she might expect in exchange for her active co-operation with them.

PRIZE FIGHTER SHOT

Was on Way to Take Part in Bout When Confronted by Young Woman's Fiance.

Philadelphia, Aug. 11—Following an argument over a woman's ring, Clifton Patillo, a pugilist was shot through the left lung and right leg last evening on the corner of Twenty-second and Sharswood streets, and is in a critical condition in St. Joseph's Hospital. Clarence Jordan, 18 years old, of Sharswood street, near Twenty-second, who is charged with the shooting, was locked up by the police of the Twenty-third district to await a hearing this morning. Patillo was on his way to the Douglas A. C. where he was scheduled to box last night.

According to the police, Patillo received a diamond ring some time ago from a young woman who is now Jordan's fiance. Jordan went to Patillo's home last night and demanded the ring. The latter told him that he had lost it, but would buy another one with the money which he would earn at last night's bout.

During the heat of the argument Jordan suddenly left. When he returned a few minutes later, the police say, he carried a revolver. As he neared Patillo, who was standing at the corner of Twenty-second and Sharswood streets, he began firing. Two shots struck Patillo.

LEFT DANCE FOR DEATH

Lord Left Financee at Call of Duty and Was Killed in Less Than Hour

London, Aug. 11—Flight Sub-Lieut Reginald Lord, killed in resisting the Zeppelin raid on the east coast early yesterday, was dancing with his fiance, Miss Violet Beever, less than an hour before his death.

While the dance was in progress the telephone flashed word that Zeppelins were coming, and Lord hurried to the British air camp. Returning from the raid he made a bad landing in the dark and suffered a fractured skull.

Miss Beever rushed to the hospital and remained with Lord until he died.

TOBACCO POISONS WOUND

Aged Man Dying From Use of Plug on Cut

Freeport, L. I., Aug. 11—The application of chewing tobacco to a deep wound made in his left hand when a saw slipped may cost George W. Combs, 70 years old, one of the veteran shipbuilders of the South Side, his life. Blood poisoning has set in. On account of his age amputation would be impossible, it is said.

Combs was working, in company with several other shipbuilders, in the Freeport shiploft when the accident happened. Home remedies were applied and one of the men suggested the old "remedy" of applying chewing tobacco to the wound. This was done and Combs went back to work.

The wound subsequently became inflamed and Combs' home remedies seemed to give him no relief. Then his arm began to swell. The pain became so severe that he called in Dr. William J. Steele, of Baldwin, who diagnosed the trouble as blood poisoning. Dr. Steel says that the man's condition is critical.

Hurt by Thrown Ball.

Frederick, Md., Aug. 11.—Ezra Hoffman, a prominent Sunday school worker, may lose his left eye from an injury received in a game of baseball between men and women guests at a house party in Doubs, Md., Sunday. Mr. Hoffman muffed a ball thrown by one of the women and it struck him in the eye.

MICHAEL IGOE'S WILL.

The will of the late Michael Igoe was admitted to probate in the clerk's office of the Corporation Court today. The testator left all his estate to his wife during her life and at her death it is to be equally distributed among his children. His son, P. Eugene Igoe, qualified as administrator with the will annexed.

SAYS CHARGES ARE RIDICULOUS

Chichester Attributes Powell's Allegations to Disappointment

IS NOT A MACHINE MAN

Believes Whole Case Result of Refusal to Give His Accuser a Desirable Appointment.

(Special Dispatch to the Gazette)

Richmond, Va., Aug. 11—This morning's session of the Chichester investigating committee at Fredericksburg lasted but half an hour when the committee recessed until 2 o'clock, owing to the fact that the answer of Judge Chichester to the charges had not been completed by his attorneys.

A new list of witnesses containing names not heretofore subpoenaed was submitted this morning. A fight is being made to have the committee sit at Spotsylvania court house for several days, but the attorneys for Judge Chichester are bitterly opposing it. The object of this cannot be ascertained. The committee will decide on it this afternoon.

Fredericksburg Va., August 11—Less than two blocks distant from the courthouse and immediately across the street from the City Hall Judge R. H. L. Chichester, whose conduct on the bench of the Fifteenth Judicial Circuit is under investigation by the special committee of the House of Delegates, has his private office, Frank M. Chichester, attorney at-law, is the judge's brother, and the Judge occupies a part of the latter's office suite. Conway Chichester the city sergeant, makes his headquarters there too.

Sitting in his office with his two brothers, Judge Chichester was discussing the Powell charges.

"Utterly ridiculous," said Judge Chichester. "The man's conduct can be attributed only to his disappointment and chargrin at my refusal to appoint him to the office of Commonwealth's attorney.

"Of course, those who know me and know the circumstances realize the situation. Unfortunately for me, however, the wild allegation of Powell have been published broadcast, and in some quarters the impression is fixed that there is some foundation for the charges.

"I am told that in some parts of the State the belief obtains that I am what is known as a 'machine man,' and that I have appointed to the different boards, whenever opportunity offered, only friends and followers of Senator Martin. It is needless to repeat that I have never made an appointment of any kind where the appointee's affiliation, machine or anti-machine were taken into consideration. That charge is simply false and absurd.

"The wide currency the false impression gained after Powell preferred the charges, however, prompted me to inquire into the affiliations of the different men to whom I have given board appointments. I discovered that more of my appointees are Montague men than followers of Martin."

Speaking for his brother, Attorney Frank M. Chichester said:

"We are confident that the charges will be proven what they are, the ravings of a disappointed office-seeker. There is no more honorable, high-minded or cleaner man in the judiciary than Judge Chichester. His record in the Supreme Court is one of the best in the State. It is almost inconceivable to me that he should be made the subject of Powell's shameless attacks."

Mr. Chichester explained the summons issued at the request of Mr. Powell for Gov. Henry C. Stuart. The governor will be asked to testify to the recommendations on which he exercised the executive power in the case of a man named Bahen, whose fine of $100 was reduced to $25. Bahen had an encounter with a man who was trespassing on his premises. He had a revolver in his hand, and the weapon either exploded accidently or was fired to frighten the trespasser, the bullet entering the ground at Bahen's feet. He was arrested and convicted. It being apparent that no actual attempt at shooting had been made, Judge Chichester signed a recommendation for executive clemency. The Commonwealth's attorney who prosecuted the case, and the attorney for the defense also recommended clemency.

Mr. Powell's interest in this case, Mr. Chichester said, was awakened by the discovery that the convicted man has relatives who are related to Judge Chichester.

"Practically all of Powell's charges are of an equally flimsy character," he added. "They are of such nature that even if he could substantiate them they would not justify the impeachment of the judge."

WOOD NYMPH CAPTURED.

Wisconsin's Greatest Attraction Brought to Jail in Horse Blanket.

Lacrosse, Wis., Aug. 11.—The mysterious wood nymph has been captured. She drove into Sparta yesterday in the custody of Sheriff George Boss and Humane Officer George Manuel. Her bizarre costume of an expansive smile and a beribboned boudoir cap was supplemnted by a horse blanket provided by the sheriff.

The contention of the commandant at the training camp of the Wisconsin National Guard that the girl was insane was quickly dispelled when she was found. Her splendid bronze hair was carefully combed and done up under the cap. The sheriff and others say a demented woman would have permitted her hair to become matted and draggled down over her eyes and shoulders.

The officers refuse to give any details of her capture, nor will the girl talk. She is now in the care of the sheriff's family and has been properly clothed. There are hints that she is a member of a prominent Lacrosse family. She is a decided blonde, with an immense wealth of golden bronze hair. According to the officers she is very pretty and has a figure that would get her into the first row of any chorus in the country.

DECISION FAVORS RAILROADS

Permanently Confirmed Increase in Freight Charges

Washington Aug. 11—The Interstate Commerce Commission's second decision of the Western rate case, concerning a general increase of about 20 per cent on all products shippers confirms the increaser on some commodities and prohibits the nerease on others.

The preponderance is in favor of permanently confirmed increases.

The commission rescinds its former order and permits the roads to increase the carload minimum on grain products from 30,000 to 40,000 lbs.

The order also permits the increase of minimum carload from 30,000 to 40,000 pounds on fertilizer materials.

The increases are granted on hay and straw except where the increases exceed the Class "C" rating; all increases above the Class "C" rating are forbidden.

Increases are permitted on fruits, vegetables, brewers' rice, domestic rice less-than-carload, and on coke and bituminous coal except shipments of coke and bituminous coal to points in South Dakota, which increases are prohibited.

FEAR OF RUSSIAN SPIES

Kaiser and Kaiserin Deem it Prudent to Keep Out of Warsaw

Amsterdam, Aug. 11—Fear that Russian spies would attempt his life delayed the triumphal entry of the Kaiser into Warsaw, it was learned from reliable sources heru today.

The Emperor planned to enter the Polish capital with his victorious troops upon the heels of the Russians. But rumors reached the German secret service that all the public places in Warsaw had been mined and agents of Czar left behind in the Polish capital with orders to saly Kaiser. Consequently arrangements for his immediate entry into the capital were cancelled.

For the same reason American and other neutral correspondents in Berlin, who were to have been permitted to enter Warsaw on the day following its evacuation, were forced to delay their visit.

FEDERAL AGENTS AT HOPEWELL

No Government Licenses to Sell Liquor Issued in the Town

EXPECT SENSATIONS

Grand Jury Investigations at Prince George Courthouse Will be Continued Tomorrow.

Richmond, Aug. 11—That the Federal government will take a hand in the prosecution of whisky sellers at Hopewell is one of the latest developments in the situation at the powder plant town. It is understood that there are no Federal licenses authorizing the sale of whisky in the town, although there are now more than 140 malt liquor licenses under which beer and other intoxicants may be sold.

The names of a large number of men who have been engaged in seling whisky almost as freely as beer up to last week have been placed in the hands of internal revenue agents and action is expected within a few days. These offenders may escape Federal prosecution by paying the penalty prescribed by the Revised Statutes of the United States, but they will be held by the State authorities.

Valuable assistance has been given the State and county officers by the Federal agents in securing evidence against the violators of the Virginia liquor laws, and Commonwealth's Attorney Timothy Rivers, of Prince George, and Special Prosecutor George E. Wise, of Richmond, will have the benefit of any information the internal revenue men secure. There are said to have been 150 places in Hopewell, where liquor and beer were sold openly provious to Tuesday of last week, when the town police force was removed, and there are believed to have been other "speak-easies" and bootleggers operating in and about the town.

When the grand jury which will reconvene at Prince George courthouse Friday, completes its investigation of bribery and graft charges involving officers of the law, it will turn its attention to the whisky and beer dealers, gamblers and keepers of disorderly resorts.

In addition to the four men indicted Monday there are indications that several other men will be heard in connection with the bribery and graft phase of the Hopewell situation. Only one presentment has been made against each so far, but there are other cases pending against one or two of the men.

WAR SERUM A WONDER

Remarkable Cures in Cases of Apparently Hopelessly Mutilated

Paris, Aug. 11—What are described as remarkable cures of wounded French soldiers have been effected by the new polyvalent serum, discovery of which was announced last March. Complete recovery is announced of men who are terribly muitlated and for whom all hope had been given up before use of the serum, so badly infected were their wounds.

Drs. Laclainche and Vallee, the discovers of the serum, have been unable up to the present to make more than 2000 flasks of it daily, most of whch goes to the base hospital, where the worst cases are to be found. When it can be made in sufficient quantities to supply the firing line, where it can be used preventatively as anti-tetanus serum is now used, it is believed that thousands of lives can be saved.

The new serum, which may be roughly described as a combination of a number of serums against different varieties of bacteria, has been put to practical use only recently. Experiments with it were made previously in a Paris laboratory. It had been used by Dr. Bergeron in the Buffon hospital and afteward more widely distributed.

SEND FLAT REJECTION.

This Country Repudiates Vienna's Suggestion That it Has Violated Neutrality.

Washington, Aug. 11.—The United States government has dispatched to Vienna a reply rejecting the Austro-Hungarian views recently set forth in a note contending that the great scale on which war munitions are being exported from America to enemies of the Germanic allies "is not in consonance with the definition of neutrality."

The reply may be made public later by agreement between the two governments. Though framed in diplomatic language and entirely friendly in tone, it is understood to repudiate flatly the suggestion that the United States has permitted violations of neutrality and to stand firmly upon right of American exporters to send war supplies to belligerents able to purchase and receive them.

The United States always has held that this is an unquestioned right, and high officials have pointed out that to prevent such shipments to one country because another was not in a position to receive them would in itself violate neutrality. Precedents also have been recalled, where in previous wars Germany and Austria imported arms extensively.

The Austro--Hungarian note set forth the views of that government, and suggested that the United States might make redress by informing Austria's enemies that the supply of foodstuffs and war material to them would be suspended unless legitimate trade in these articles between the United States and neutral countries was permitted. According to Austrian and Berlin reports, this complaint was sent after a conference between the Austrian and German Foreign Offices. A similar note, it was said, would be sent to the United States by Germany and Turkey.

ENROUTE FOR HOPEWELL.

Hundreds of Men Board Freight Trains for the South.

Hundreds of men out of employment are now making their way to City Point in search of work at the new city at that place known as Hopewell, where the Du Ponts have their works, and the result is that all southbound frieght trains are just now carrying hundreds of unemployed.

Recently the railroad authorities have been compelled to take drastic action to keep the men off its trains. This morning there were four men, two white nad two colored, in the Police Court for trespassing on the property of the railroad company. They were acquitted by Justice Caton with the understanding that they would keep off railroad property in the future.

VICTIMS OF ALLIES

Army and Navy Journal says Fifty German Submarines Have Been Sunk

The current issue of The Army and Navy Journal asserts that about fifty German submarines have been destroyed since the beginning of the war. The largest estimate from England—which officially never announces her successes in the submarine warfare, except where the capture of survivors makes it necessary—has been thirty-two.

"We have it on authority which would carry conviction were we at liberty to mention it." The Army and Navy Journal's announcement says "that nearly fifty German submarines have been sunk, captured, or destroyed by the allies up to the 20th of July."

Wind Blows Horns off

Oakhurst, La., Aug. 11.—J. B. Hopson in speaking to several friends of a recent storm, said that he had suffered a little bad luck and knew how to sympathize with the good people of Friars point, "although," said Mr. Hopson, "my case is rather laughable Yesterday after the storm had passed my yardman approached and said: Boss, we done suffered some damage, too, one of de cow's horns has been knocked off."

"Soon the animal was brought forward, and sure enough one of the horns was gone. The yardman thinks the wind blew off the horn, and still sticks to his belief."

CONDITIONS ON MEXICAN BORDER

Twenty-Five Outlaws Attack Four Soldiers Late Last Night

20 MINUTES' BATTLE

Assailants Driven Off After One American Soldier Had Been Killed —Jails Are Filled.

Brownville, Tex., Aug. 11—The border situation today is rapidly growing more tense.

Fuller details of the shooting of a United States infantryman reaching here today said that twenty-five Mexicans attacked four soldiers on guard late last night at Palm Gardens, a mile and a half east of Mercedes, coming suddenly on the cuartel from out of the darkness.

For twenty minutes the battle continued, both sides firing many shots, until a posse and other soldiers came up as re-enforcements. By that time one of the American soldiers had fallen. Arrival of aid drove off the Mexicans.

Raiders fired on a group of soldiers stationed at Armstrong, 85 miles from here, but there were no casualties.

They also attacked in strong force a ranch house in Norris, where early in the week a spectatular battle was waged. Neither side, however suffered any casualties in last night's struggle.

All jails hereabouts are filling up to capacity with prisoners known to be or suspected of being connected with recent raids, made with the avowed intent of snatching a strip of United States borderland.

Killing of two Brady brothers, Americans, yesterday afternoon, rid the bandits of a pair of their foremost leaders.

BAPTIST ASSOCIATION.

First Session Held in Del Ray Church This Morning.

The first session of the Potomac Baptist Association was held this morning at 10 o'clock in the Del Ray Baptist Church with 225 delegates in attendance representing the Baptist Churches of Alexandria city and county and Loudoun, Fairfax, Prince William, Fauquier and Stafford counties.

The Rev. W. S. O. Thomas, of Falls Church, moderator of the association, presided. The annual sermon was preached by the Rev. E. B. Jackson, of Warrenton.

At this afternoon's session the laymen's movement, temperance and minister's relief was discussed. A mass meeting will be held in the Del Ray Church tonight at 8 o'clock at which time a number of prominent speakers will address the association.

The association today elected these officers: Rev. Dr. W. F. Watson, moderator, pastor of the First Baptist Church this city; J. R. Mansfield, clerk, Alexandria; Harris Field, treasurer, The Plains.

HOLDS BRIEF SESSION

Only Matters of a General Nature Considered by City Council Last Night.

The City Council was in session about an hour last night. The business presented was of a general nature. It will be found in the official proceedings.

Board of Aldermen

Six members of the Board of Aldermen were present. President Field and Vice President Hill were absent, and on motion of Mr. Summers Mr. Ballenger was elected President pro tempore.

Mr. Summers introduced a resolution requesting the Washigton-Virginia Railway Company to erect and maintain a ticket office and waiting room at Spring Park. He described conditions at that point and showed the necessity for proper accommodations. The resolution was passed.

Mr. Wilkins introduced a resolution appropriating $75 for the purchase of lime to be used at certain places in Alexandria. Mr. Wilkins urged the adoption of the resolution as the work contemplated should not be delayed. The resolution was adopted.

Mr. Wilkins also introduced a resolution appropriating $700 for resurfacing Columbus street from Cameron to Queen. This was referred to the streets and finance committee.

Mr. Summers introduced a resolution providing that when Counicl adjourned it be to meet again on the second Tuesday in October. All the members favored the resoltuion, it being stated that should any emergency arise a called meeting could be held. The resolution was adopted, but it soon returned by the Common Council, that board having nonconcurred in the action of the Aldermen. The latter adhered to their action and the chair appointed Messrs. Summers and Wilkins a committee of conference. The committee, after a conference with a similar committee of the lower board, reported in favor of the Aldermen receding from their former action and concurring in that of the Common Council. Their report was adopted.

After concurring in the action of the Common Council on several papers sent in, the Aldermen adjourned.

Common Council

Common Council last night refused to concur in the action of the higher branch to adjourn until the second Tuesday in October and the business of the city will be continued regardless of weather conditions, probably during the remainder of the summer months.

When the resolution for adjournment was read Councilman Brockett objected to adjourning, stating that he had heard complaint on the cars of the failure of Council to elect policemen for the annexed territory, adding that with many other things pending it did not seem acting in good faith to adjourn.

Councilman Harrison opposed adjourning, saying that the fire and finance committees have under consideration the purchase of an engine.

Councilman Lawler then moved Council non concur in the action of the Aldermen and this was done.

Aldermen Wilkins and Summers appeared before Council and asked for a conference committee to consider the resolution to adjourn, and President Smith appointed Councilmen Bryan and Brockett and the committee reported they agreed to recede from the Aldermen's action and both branches adopted the committee's report.

The late Councilman Charles B. Marshall was eulogized by Councilman Charles Bendheim, who declared that death had again invaded Council and taken away one of its most useful members and the city had lost a public spirited citizen. On motion of Councilman Bendheim the chair appointed Councilmen Bryan, Bendheim and Lawler, from the Fourth ward, a committee to draft suitable resolutions to the memory of the deceased.

A month or six weeks ago Councilman Bryan said Council directed the commissioner of revenue to make an assessment in the annexed territory. "It seems to me the serving of the paper on him is nobody's business," he said, and he then moved that the clerk of council serve a copy of the resolution on the commissioner of the revenue and his recommendation was adopted.

Councilman Bendheim reported that the general aws committee has just received a report of the census taken of people living in the territory between Washington and Patrick streets and will shortly make a report.

A communication from S. L. Monroe and S. H. Lunt, state assessors, asking for an appropriation of $50 to be expended in obtaining necessary information in order to enable them to make a true and correct assessment of the lots in sections 1 and 2 of George Washington Park, they setting forth that it would be necessary for them to employ a lawyer to get from the records at Fairfax the names of the lot owners. This was adopted.

Ordinances to establish curb grades of Duke street from the bridge over the Washington-Southern Railway tracks westward to corporation line and for fixing curb crown grade on Patrick street south of Franklin street on Hunting Creek road to Hunting Creek, were passed.

On application of J. H. Chilcott, permission was granted Harry Rose to erect brick and metal garage in Fleischmann's alley.

The action of the aldermen in passing a bill of $173 of Alexandria County Lighting Company, incorporated, for lights in annexed territory from April 1 to August 1, was adopted.

There was a brief debate over this bill, but it was explained it had been approved by the finance and light committees.

The borad concurred in the action of the Aldermen on all other papers sent in.

A petition of Miss Ryan to reshingle house 1020 Duke street, was referred to street committee.

A resolution of Councilman Desmond that the clerk of Common Council keep a record of all offices to be filled by Common Council so as to be available to all members of that body was adopted.

ELKS' ANNUAL MEETING

Virginia State Association Will Meet in Alexandria October 5-7.

The program for the annual meeting of the Virginia State Association of the B. P. O. Elks has been announced by the committee of Alexandria Lodge of Elks who will be the hosts of the big meeting of the antlered tribe who will gather in Alexandria on the fifth, sixth and seventh of October. Representatives from the twenty lodges in the state with hundreds of visitors are expected to be present in this historic city on this occasion and the program has been arranged so that every minute of their time here will be filled with interesting events.

The first session of the association will be held at 10:30 o'clock on Tuesday, October 5th, when the visitors will be welcomed by Mayor Thomas A. Fisher, who is an enthusiastic member of the order. Mayor Fisher will present the guests with the key of the ity, but as the Elks are noted for carrying off the keys of municipalities when they leave a guard of honor will be named by the Mayor to see that the key does not leave the confines of Alexandria.

An address of welcome on behalf of Alexandria Lodge will be made by Past Exated Ruler Charles C. Carlin, member of Congress from this district. At 11 o'clock the first business session will be held and at 1:30 o'clock special cars will be taken for Mt. Vernon where the visitors will be entertained at luncheon at the Mt. Vernon cafe. After viewing the home of the first president the party will return to Alexandria by boat.

At 8:30 o'clock the samo evening there will be a big social session in the Elks home. At 11 o'clock the 11 o'clock toast will be said and at 11:30 o'clock there will be an athletic carnival.

On Wednesday morning the contest for the silver trophy offered to the best degree team in the state will be held and at one o'clock luncheon will be served in the Elks rathskeler. At 2:30 o'clock the visitors will be taken in automobiles to Washington where they will attend the baseball game between the Washington and Philadelphia teams. In the evening they will attend the meeting of Washington Lodge of Elks.

Thursday will be given up to business meetings and in the evening there will be automobile and boat rides.

The Midsummer Sale of Lace Curtains

There are from two to twelve pairs of each pattern in this Lace Curtain Sale—the odd lots, remainders and discontinled patterns left from our own stock, and some special purchases which we have been able to assemble from our makers and wholesalers. Every pair is new and perfect, with the exception that some m ay be slightly mussed or soiled, but this will not interfere with their desirablity in the least, but it does reduce the price. In each classification of Curtains there is a wide range of patterns and qualities, in sill and full lengths. the nets and laces are splendidly matched.

THE EARLIER YOU MAKE YOUR SELECTION THE BETTER CHOICE YOU WILL HAVE—SAVINGS OF 1-4 TO 1-3.

Scrim Curtains, $7.00 to $17.50 pair—were $12.50 to $25.00.
Scrim and Marquisette Curtains, $2.00 to $6. pair—were $3.00 to $7.50.

CONDITIONS IN EUROPE

There is every reason to believe that the present frightful war in Europe is to be continued during the coming winter. Horrible descriptions of conditions in the Carpathian mountains and in trenches in Flanders during the past winter were read by those nestled around warm firesides. Similar pictures will again be in evidence when the snow begins to fly. But anxiety is now expressed among those living in cities. Food is soaring in prices as it becomes scarcer, and fuel, that great essential during frigid weather, will be almost out of the reach of people of ordinary means.

Brewster Davenport, of Boston, who has been serving in the American ambulance corps in France has returned to New York. He said the outlook for the poor people of France during the coming winter is serious and that there is bound to be much suffering. Coal, he said, is now selling at $21.50 a ton, and indications are that food is going to be scarce and expensive.

The reason for the coal scarcity, Mr. Davenport said, is that the Germans control all but nine of the 86 mines in France.

The demand for Norwegian fish continues to be so firm in the belligerent countries, especially Germany, that the fishermen are now getting 75 to 80 per cent, above normal. Split cod, for instance, is selling at a price higher than first-class fish ever brought before. German buyers have been very busy all along the coast cornering all they could in the salt and fresh fish line, so that the Norwegian people and the canning factories have been in danger of not getting any fish at all. The situation is so serious that the prohibition of export of some variety of fish has been suggested.

ARE SOCIALISTS TO BE PACIFICISTS?

According to a New York Times dispatch from Amsterdam a leading Holland newspaper, which is reputed to reflect German official opinion in the matter, discusses the prospects for peace. It suggests that England, as the power that has its army and navy undefeated, can well afford to consider the contracting of a peace with terms that would be acceptable to all—inasmuch as there is little prospects of either side realizing its aim to crush the other side, so as to make it impossible for it to be a military factor in the future.

The significant aspect of the article is the socialist program it outlines with expressions of respect as presenting the ideals for the conditions of peace. These include the negotiation of a peace upon the basis that the victors will not annex any peoples of a race and language different from their own, although this attitude would be modified somewhat by results achieved upon the field of battle.

The Baltimore American in commenting on the above says:

"The question may well be raised whether the socialists are to prove to be the true pacificists and to afford the practical, humanitarian and equitable program for the perfecting of an accord that shall have the strongest elements of permanence? Should this be the case the socialists international would be given a promotion that would make the socializing societies very much more than a dream program. But the practical nonsocialist would be disposed to accept the serviceable features of the socialists platform for peace and to regard this party as filling a good place to the degree that it advances workable ideals, and not as presenting a substitute program for the present organization of society."

WARRING ON CHRISTIANS.

Nearly forty years ago, when war was about to be declared between Russia and Turkey, massacres of Christians were prominent features of the turmoils of those days. The terrible butchery in Salonika will be recalled. Salonika is the Thessalonica of the New Testament, and was one of the cradles of Christianity. Paul sent two letters to the disciples at this place. Missionaries from the Ocident are sent to this place at present.

When the Balkan war was precipitated a few years ago the luckless Christians were again the targets of fanatics. It is so in the present war.

The Armenian Bishop has received information that 60,000 Armenian refugees have arrived at Igdir, the principal outlet of the vilayet of Van.

It is expected that fully 100,000 will be driven from Van alone, and another exodus of Christians from Persia is feared.

Kurds are reported to have massacred 10,000 Armenians in the vilayet of Bitlis, throwing the bodies of the victims into the Tigris and Euphrates river.

TAXATION IN NEW YORK.

Virginia is not the only state in the union which groans under taxation. The Empire State—New York—is also heavy ladened, and according to Harry L. Stimson, chairman of the finance committee of the constitutional convention is facing direct taxation.

"In recent years the expenses of the State have increased materially" he says, "Hence taxes on property have necessarily also increased, but the value of property has not increased proportionately. We now face the problem of raising more revenue, and property will not stand it. It is therefore necessary that we have a direct tax."

The most striking feature of the committee's proposals is that the budget should originate with the Governor instead of reaching him only after it has been passed upon by the legislature.

NEWS OF THE DAY

Richard Marsh, the noted English author, died at his home in London last night.

The German admiralty announces the destruction of the British auxiliary cruiser Inda by a German submarine in the North Sea.

Many persons have perished in the heat wave now prevailing over Spain. The thermometer registered 133 degrees at Seville, and 108 at Madrid.

Lewis Ford, colored, 53, fell to his death down a well, fifty feet deep, at 28 M street northeast, Washington yesterday morning. His skull was fractured and his neck broken when he struck bottom.

Indictments charging manslaughter and criminal carelessness in connection with the Eastland disaster were voted yesterday by the grand jury in Chicago against six men, owners and officials of the boat.

Two thousand British dead were piled before the Turkish trenches following two desperate but futile counter attacks against the Turkish east wing near Sedd-El-Bahr on Friday, according to a report from Constantinople.

Unless America sends help to Paris, many persons there will starve to death when winter comes and many will perish from cold. Coal now sells for $21.50 a ton in Paris. Of the eighty-six coal mines in the country all but nine are in territory held by the Germans.

The latest model of the Curtiss machine disclosed yesterday in Buffalo, N. Y., that the plane is capable of carrying two men and 900 pounds of explosive. With 1,200 pounds aboard it sped at 85 miles an hour and broke the world's altitude record.

Information has reached Udine, Italy, that Gen. Cadorna, the Italian commander-in-chief, has decided not to resume the offensive on a large scale until his troops are well settled and organized in the positions lately occupied. The losses of the Austrians in wounded alone are reported to have reached a total of 85,000.

A squadron of German Zeppelins believed to have contained five of the giant airships of the latest pattern, swooped down upon the east coast of England Monday night, and early yesterday and dropped bombs which killed fourteen and wounded fourteen persons. Considerable damage was done by incendiary shells. One of the Zeppelins is reported to have been destroyed.

The American Federation of Labor has in formal manner repudiated Labor's National Peace Council by making public a letter from Milton Snelling, vice president of the International Union of Steam and Operating Engineers, to Representative Frank Buchanan, of Illinois, tendering his resignation as first vice president of the peace society. In the letter Mr. Snelling declared that the peace council is clearly a pro-German organization and that its membership is composed chiefly of persons hanging on the fringe of the labor movement for their own personal aggrandizement.

OUT OF THE GLOOM.

Many a Gloomy Countenance in Alexandria Now Lightens With Happiness.

A bad back makes you gloomy.
Can't be happy with continual backache.
The aches and pains of a bad back
Are frequently due to weak kidneys.
Doan's Kidney Pills are recommended for weak kidneys.
So Alexandria citizens testify.

William L. Nalls, 534 S. Patrick St. Alexandria, says: "My back ached all the time and the pains through my loins were so severe that I thought they would kill me. My kidneys were congested and the kidney secretions caused me much annoyance. Nothing did me any good until I got Doan's Kidney Pills at C. W. Summers' Drug Store. I was relieved of that misery in my back after I had taken a few doses. Since using three boxes, my kidneys have been in good condition and my back has never caused me any trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nalls had. Foster Milburn Co., Props., Buffalo, N. Y.

COMMONWEALTH OF VIRGINIA
OFFICE OF
CLERK OF THE HOUSE OF DELEGATES

Proposed amendments to the Constitution of Virginia, agreed to at session of General Assembly 1914, and published in pursuance of section 196 of the Constitution and act approved February 3, 1908.

JOINT RESOLUTION proposing an amendment to section 46, Article IV, of the Constitution.

Resolved by the House of Delegates, the Senate concurring (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia, be and the same is hereby, proposed and referred to the General Assembly to be chosen at the next general election of members of the House of Delegates for its concurrence, in conformity with the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia, section forty-six of article four, which is in the following words:

Sec. 46. The General Assembly shall meet once in two years, on the second Wednesday in January, next succeeding the election of the members of the House of Delegates and not oftener, unless convened in the manner prescribed by this Constitution. No session of the General Assembly, after the first under this Constitution, shall continue longer than sixty days; but with the concurrence of three-fifths of the members elected to each house, the session may be extended for a period not exceeding thirty days. Except for the first session held under this Constitution, members shall be allowed a salary for not exceeding sixty days at any regular session, and for not exceeding thirty days at any extra session. Neither house shall, without the consent of the other, adjourn to another place nor for more than three days. A majority of the members elected to each house shall constitute a quorum to do business, but a smaller number may adjourn from day to day, and shall have power to compel the attendance of members in such manner and under such penalty as each house may prescribe.

And insert in lieu thereof the following:

Sec. 46. The General Assembly shall meet once in two years, on the second Wednesday in January, next succeeding the election of the members of the House of Delegates, and not oftener, unless convened in the manner prescribed by this Constitution. No session of the General Assembly shall continue longer than ninety days, except that with the concurrence of three-fifths of the members elected to each house, the session may be extended for a period not exceeding thirty days. Neither house shall, without the consent of the other, adjourn to another place, not for more than three days. A majority of the members elected to each house shall constitute a quorum to do business, but a smaller number may adjourn from day to day, and shall have power to compel the attendance of members in such manner and under such penalty as each house may prescribe.

JOINT RESOLUTION proposing amendment to section 50 of Article IV of the Constitution of Virginia, and providing for publishing said amendment, and certifying the same to the next General Assembly.

1. Resolved by the House of Delegates, the Senate concurring (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia, be and the same is hereby, proposed and referred to the General Assembly to be chosen at the next general election of members of the House of Delegates for its concurrence, in conformity with the provisions of section fifty of article four of said Constitution, namely:

Strike out from the Constitution of Virginia, section fifty, article four, which is in the following words:

Sec. 50. No law shall be enacted except by bill. A bill may originate in either house, to be approved or rejected by the other, or may be amended by either, with the concurrence of the other.

No bill shall become a law unless prior to its passage it has been—

(a) Referred to a committee of each house, considered by such committee in session, and reported;

(b) Printed by the house in which it originated, prior to its passage therein;

(c) Read at length on three different calendar days in each house; and unless,

(d) A yea and nay vote has been taken in each house upon its final passage, the names of the members voting for and against entered on the journal, and a majority of those voting, which shall include at least two-fifths of the members elected to each house, recorded in the affirmative.

And only in the manner required in sub-division (d) of this section shall an amendment to a bill by one house be concurred in by the other, or a conference report be adopted by either house, or either house discharge a committee from the consideration of a bill and consider the same as if reported; provided, that the printing and reading, or either, required in sub-division (b and c) of this section, may be dispensed with in a bill to codify the laws of the State, and in any case of emergency by a vote of four-fifths of the members voting in each house taken by the yeas and nays, the names of the members voting for and against, entered on the journal; provided further, that no bill which creates or established a new office, or which creates, continues or revives a debt or charge or makes, continues or revives any appropriation of public or trust money or property, or releases, or discharges, or commutes any claim or demand of the State, or which imposes, continues or revives a tax, shall be passed except by the affirmative vote of the majority of all the members elected to each house, the vote to be by the yeas and nays, and the names of the members voting for and against, entered on the journal. Every law imposing, continuing or reviving a tax shall specifically state such tax, and no law shall be construed as so stating such tax, which requires a reference to any other law or any other tax. The presiding officer of each house shall, in the presence of the house over which he presides, sign every bill which has been passed by both houses and duly enrolled. Immediately before this is done, all other business being suspended, the title of the bill shall be publicly read. The fact of the signing shall be entered on the journal.

And insert in lieu thereof the following:

Sec. 50. No law shall be enacted except by bill. A bill may originate in either house to be approved or rejected by the other, or may be amended by either, with the concurrence of the other.

No bill shall become a law unless prior to its passage it has been:

Immediately before this is done, all other business being suspended, the title of the bill shall be publicly read. The fact of the signing shall be entered on the journal.

I hereby certify that the foregoing is a true copy of amendments proposed to the Constitution and agreed to by the General Assembly of Virginia, session 1914, and the same is published in pursuance of section 196 of the Constitution and act of the General Assembly, approved February 3, 1908.

JOHN W. WILLIAMS,
Clerk House of Delegates of Virginia.

OFFICIAL
Board of Aldermen

At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held August 10, 1915, there were present:

Messrs. Brill, Robinson, Ballenger, Wilkins, Fitzgerald and Summers.

The President and Vice-President being absent, on motion of Mr. Summers Mr. Ballenger was elected President pro tempore.

A resolution, introduced by Mr. Summers, requesting the Washington-Virginia Railway Company to erect and maintain a ticket office and waiting room at Spring Park Station was adopted.

Bills of the Alexandria County Lighting Company for furnishing lights in territory recently annexed to the city, amounting to $173, were ordered to be paid.

A petition of the Misses Ryan for permission to reshingle house 1020 Duke street was referred to the Committee on Streets.

A resolution, introduced by Mr. Wilkins, appropriating $700 for resurfacing Columbus street between Cameron and Queen, was referred to the Committees on Streets and Finance.

A resolution, introduced by Mr. Wilkins, appropriating $75 for the purchase of lime for disinfecting alleys and streets in certain sections of the city, was adopted.

Mr. Summers introduced a resolution, which was adopted providing that when Council adjourned it be to meet on the second Tuesday in October 1915. The Common Council returned the resolution, that board having failed to concur in the action of the Aldermen. The latter adhered to their action and requested a committee of conference. Messrs. Wilkins and Summers were appointed, and they reported in favor of receding from the former action and concurring in that of the Common Council. Their report was adopted.

The following were received from the Common Council and their action concurred in:

Ordinance establishing curb and crown grades on Patrick street south of Franklin and Hunting creek road to Hunting creek bridge.

Ordinance establishing curb and crown grades on Duke street from the railway bridge to the corporation line.

Resolution requesting the Clerk of the City Council to prepare a list of all officers to be elected by the City Council.

Petition of J. H. Chilcott for permission to erect a garage in Fleischmann's alley.

Resolution appropriating $50 for assessment in property in George Washington Park.

The board then adjourned.

BIRD'S BEAK BLINDS BOY.

Blue Heron Turns on Young Pursuer And Pecks an Eye.

Asbury Park, N. J., Aug 11.—Louis Ellenson, 12 years old, was plunged into blindness Monday by a peck from the beak of a bird. A blue heron alighted in the yard of the Bangs avenue school, where Louis had been playing through the sunshiny afternoon, and the boy, filled with a desire to possess it as a pet, gave chase. The heron turned on its pursuer, an dstruck him in the left eye with its sharp beak. As the child fell and writhed at the feet of his companion the bird went winging away.

Other children helped little Louis to the home of his parents. Dr. R. S. Bennett said there was little chance to save the sight of either eye and called in Dr. John A. Hill, an eye specialist. The physicians say that the boy will be blind.

Killed by Auto.

Trenton, Aug. 11.—While following with a score of other children in the wake of a man dressed to represent Charlie Chaplin, Joseph, 3 year old son of John Sogness, was struck by an automobile yesterday evening and fatally injured. The child was crossing the street when the mudguard of a large touring car struck him and knocked him beneath the wheels. He was taken to St. Francis Hospital, but was dead when the institution was reached.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good.

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.
